

## Theodore Roosevelt Career and Technical Academy

Theodore Roosevelt Career and Technical Academy Performance and Improvement Summary		
	Most Recent Performance Measures (2010 or 2011)	Improvement while on Probation (2006 to Present)
Attendance Rate	97.9%	+ 0.2%
English Passage Rate	26.3%	- 8.0%
Math Passage Rate	22.1%	+ 5.0%
Grads Taking an AP Exam	10.4%	- 1.8%
Grads Passing an AP Exam	0.0%	no change
Non-Waiver Graduation Rate	39.1%	+ 10.3%
% of Grads Receiving Core 40 or Honors Diplomas	69.6%	+ 38.5%

*English and Math passage rates are a combination of the class of 2013 ECA results and the 2011 ISTEP+ results.*

**Performance Measures:** The school's performance is color coded based on whether the school's performance meets/exceeds the following: the state average (green), the bottom 25% of all schools (yellow), the bottom 10% of all schools (orange), or is below the performance of similar schools (red).

**Performance Improvement:** The improvement shown represents the five year (unless open fewer than five years) improvement made by the school. The school's improvement is then color coded based on whether the school's improvement ranks in the top 17% of all schools during that time (green), ranks in top 66%-82% of schools (yellow), ranks in the top 50%-66% of schools (orange), or ranks in the bottom 50% of schools in five year improvement (red).

### Why is intervention necessary?

- While attendance and the percentage of students receiving Core 40 or Honors diplomas is commendable, all other student-level performance indicators remain well below the state average.
- Multiple on-site evaluations have shown some progress establishing student-adult relationships, but all other school-level quality indicators are at unacceptable levels.
- Some factors, such as the English ISTEP pass rate and the AP pass rate, have actually gotten worse since 2009.

### IDOE's Turnaround Recommendation

- Option 2 under PL 221: Assigning a special management team to operate all or part of the school.
- **Recommended Turnaround School Operator (TSO): Edison Learning**

### Why is Edison Learning the right choice for Roosevelt?

- Edison Learning currently operates multiple schools in Chicago, including Chicago International Charter School – Longwood (CICS-Longwood), which ranked fifth out of all non-selective Chicago Public Schools in college enrollment. Also, the proximity between Chicago and Gary Roosevelt will greatly assist in resource sharing (e.g., professional development, curriculum, teacher mentors).
- The student demographics of CICS-Longwood are similar to those at Roosevelt.
- Given its successful track record of community engagement, as demonstrated by parent satisfaction surveys, Edison Learning has a wealth of experience investing and engaging community partners.
  - Roosevelt's primary strength as a school is community involvement. Edison Learning will work well to engage the Gary community.
